Criteria

Originality: Mississippi is a state where originality shines, in everything from books to film to architecture to music to photography. Take this opportunity to make your mark by contributing a new chapter to our state's story through adding a new angle on the old or a unique perspective on the new. Please note the grand prize selection will be a photograph featuring Downtown Jackson but first, second, and third place winners in both divisions can be entries from around the state of Mississippi.

Technical Excellence: Our judges will evaluate your use of lighting, focus, exposure, and overall composition to determine how those elements contribute to creating a powerful and innovative narrative.

Overall Impact: There are lots of stories to be told in our state, and photography gives you the opportunity to capture a moment and spin a tale with the click of a shutter. Whether with texture, color, perspective, with a smile or a wave or the swish of a tail, this criterion evaluates the overall experience of your photograph.

Prizes

Grand Prize Downtown Jackson \$500 Winner: will be selected from across both divisions, and will be awarded to the top photograph taken in and around Downtown Jackson. This winner will also be announced in local newspapers and will be shown at FWK's new office in Downtown Jackson.

In addition to the Grand Prize, winners will be announced in local newspapers, photography framed in our new office, and receive cash prizes. All entries outside featuring photography from around Mississippi will be entered for the following cash prizes for both divisions:
